

**ATTENTION PUPPY OWNERS!** Oscar's Pet Resort Play School has an AMAZING Puppy Daycare Socialization and Training Play School program for puppies 10-24 weeks of age and progressing up to 1 year! The First Phase is for puppies 10 weeks – 16 weeks of age. The Second Phase is for puppies 4 months – 6 months of age. The Third Phase is for adolescents 6 months up to 1 year.

As Pet Care Professionals, we see many behavioral issues. Problems we are seeing in today's dogs:

- ✓ Fear
- ✓ Anxiety
- ✓ Phobias
- ✓ Stranger Danger
- ✓ Fear of Handling
- ✓ Fear of New Places
- ✓ Crate busting
- ✓ & More

Add problems like:

- ✚ Being taken away from mom too early
- ✚ Inexperience in raising a puppy
- ✚ Busy households
- ✚ Inconsistent schedules/routines/training
- ✚ Pet owners working long hours
- ✚ Being passes from home to home

The busier that pet owners get, the more that small problems will appear. Those small problems turn into big problems. Then more problems appear...and the behaviors get WORSE, instead of better!

At Oscar's Pet Resort Play School, we have more than a decade of experience coaching new puppy owners! We've developed a GREAT PROGRAM that gets PUPPIES and OWNERS "the right start!" Our EXCLUSIVE program is aimed at Troubleshooting Problems BEFORE they start!

Our Puppy Socialization & Play School is aimed at creating the most polite, mannerly, well-balanced, bombproof puppy that we can possibly create. With our program, it's possible to prevent, reduce or eliminate many common problems in a FUN, encouraging, & mentally stimulating way!

Our PUPPIES learn:

- ✓ Eye contact & Engagement
- ✓ Focus & Patience
- ✓ Crate Tolerance
- ✓ Learning to be calm
- ✓ Housetraining
- ✓ Mock Vet Exams
- ✓ Restraints and Body handling
- ✓ Collar handling & Leash Manners
- ✓ Grooming handling & restraint (nail clipping, ears, baths, blow dry)

- ✓ Basic obedience - SIT, WAIT, BACK, LEAVE-IT, OFF, COME & name recognition
- ✓ To avoid “stranger danger” by meeting as many new people as possible
- ✓ To avoid “noise phobias” by having FUN while listening to noises such as babies crying, loud trucks, fireworks, gunshots, kids screaming, vacuums, & dogs barking. We’ve got them all!
- ✓ Dog-to-dog social skills - with our own “Puppy Ambassador Dogs” ALL of this is accomplished while preserving the safest environment possible, since the vaccination series is not yet complete.

**A WORD about VACCINATIONS: We know that with an incomplete vaccination series, there are risks with puppies being out in public. However, considering the newest socialization protocols, we’ve created a training program that provides maximum exposure & learning, with the lowest possible disease-exposure risk!**

GOOD NEWS! While we can’t fix everything that a puppy and owner might encounter, in our 12 week program we sure can accomplish a lot!

We are excited about this OPPORTUNITY to help raise BETTER & HAPPIER DOGS! As a Play School member, you will also receive support materials for HOUSE TRAINING a puppy SUCCESSFULLY and troubleshooting common puppy problems.
